WEDDING PHOTOGRAPHY

I am offering wedding photography services for all kind of weddings, specialising in same-sex weddings, alternative weddings and destination weddings.

I AM OPEN TO CREATIVE IDEAS!

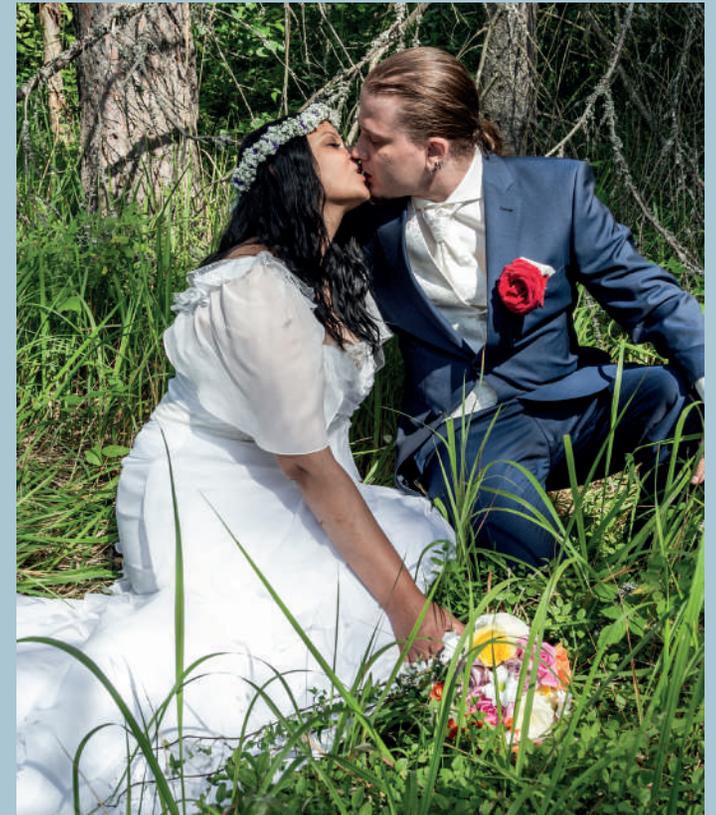

SERVICES

Couple shots at selected location(s)

How does it work? We will talk beforehand about what your ideal background and location is, if you want a more classic photoshoot or something less traditional (or even both).

Time: approximately 1 hour - flexible for more or less.

I am also available for engagement or wedding couple shots only
(separate from the ceremony)

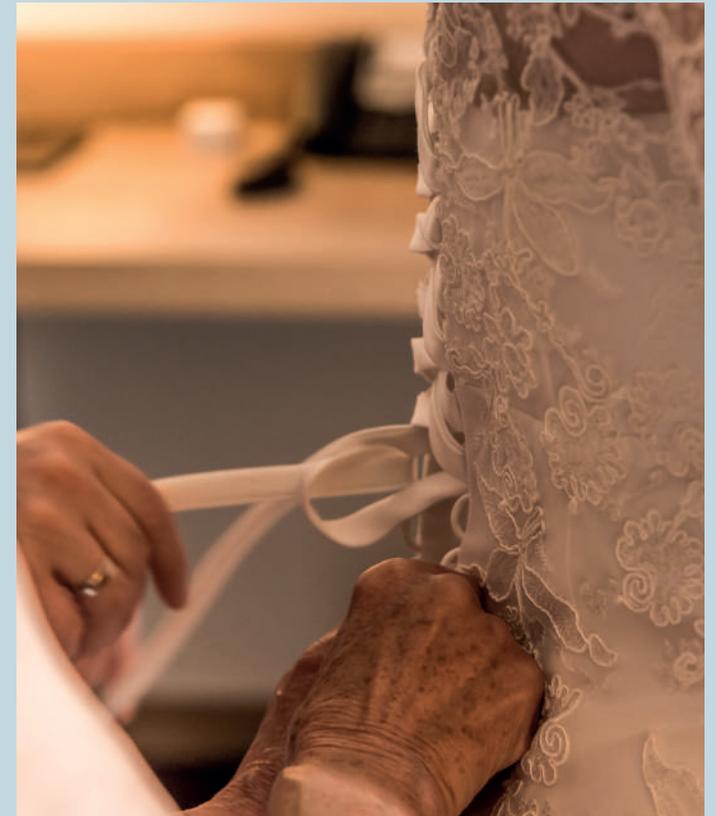

SERVICES

Preparations

You want to see all the excitement and preparations before the wedding in a photo? I can help you immortalise those moments and accompany you during the preparations: Putting on the make-up, getting into your beautiful wedding dress, the moments before the ceremony.

SERVICES

Family and Friends

Of course your family and friends are an important part of this special day and we can schedule a photoshoot where you are on a photo together with everyone close to your heart! We will discuss beforehand how many people you want to have on these photos and it is possible to schedule those right after the couple photos or if you feel more comfortable also after the ceremony.

SERVICES

Ceremony

The most important part of your day, the ceremony! I will follow you discreetly in the background catching the “yes” and the rings, the tears of joy, the laughs and the hugs.

Important events of the Wedding

Do you have special traditions you want to keep alive in a photo? I am here to follow your wedding schedule with the camera: Cutting the cake, the first dance and more!

Reception, party and entertainment

If you also want to have impressions of your wedding reception and party, I can stay to photograph the fun moments of your day.

ANYTHING ELSE?

I am open to your wishes and suggestions
let's discuss it beforehand!

IMPORTANT

Location

Where will the ceremony and the party take place, where do you want to do the couple photoshoot? This is important so I can prepare the best possible equipment. Also let me know if you have any restrictions (personal or location bound), for example if using flash is not allowed.

Post-production

I am open to your personal preferences, be it a more vintage look, black and white photos or a colourful contrasty style. You will get small-size previews from which we can adapt to your favourite style.

Delivery date

Usually it will take me around 3 to 7 days to process your photos, depending on the amount of photos we have agreed on. If you need the photos earlier this can be arranged but I will need to know in advance.

Wedding

How many people will be at the wedding? Who are the important people you would like to see on the photo (parents, close friends), do you have a specific dresscode I have to follow? What is the wedding schedule?

Extras

Any extra wishes? I am open to all creative ideas but will need to know what you want so I can prepare and bring the right equipment. I am also available to travel to other countries for destination weddings.
